

## **Komisja XI – Rurociągi i zbiorniki ciśnieniowe**

- XI-1010-14 Comparative tensile strength and shear strength of detaclad explosion clad materials – C. Prothe et al. (USA)
- XI-1011-14 Environmental assisted cracking (EAC) of steel welded joints in boiler water environment: case histories damage assessment considerations , design and fabrication review – D. Calcagno et al. (Italy)
- XI-1012-14 Grain size effects on diffusion hydrogen in steel - C. Park, N. Kang (Korea)
- XI-1013-14 Non-contact magnetometric diagnostics of main gas pipeline potentially – A.A. Dubov, Al.A. Dubov, S.M. Kolokolnikov (Russia)
- XI-1018-14 Round Robin of trace elements-Part 2- Pb and Bi – D. Kotecki, T. Melfi (USA)  
II-1897-14
