

Komisja VIII – Higiena i bezpieczeństwo

- VIII-2145r4-14 Proposal for a best practice document on hot work – S. Hedrick (USA)
- VIII-2171-14 Arc welding of steels and pulmonary fibrosis – M. Cosgrove, W. Zschiesche – M. Cosgrove, W. Zschiesche (UK/Germany)
- VIII-2172-14 Welding with non-consumable thoriated electrodes – G. McMillan (UK)
- VIII-2173-14 List of C VIII Documents of 2013 – L. Costa (Italy)
- VIII-2177-14 Fume emission rates for gas metal arc welding with cored wires - K. Höfer, M. Kusch, P. Mayr (Germany) *II-1912-14*
- VIII-2178-14 Presentation of training materials – J. Matusiak et al. (Poland)
- VIII-2181-14 The new GHS Hazard Communication Regulations will impact manufacturers, distributors and users of welding consumables – J. Petkowsek (USA)
- VIII-2183-14 Correlation between the welding process and the development of fumes in arc welding - L. Costa (Italy) *II-1918-14*
- VIII-2184-14 Overview of the project “Weldtrain HSE health safety and environment: training for welding personnel” - Aims, goals and partners – G. Garbarino (Italy)
- VIII-2188-14 Hazardous substances in welding and allied processes – V.E. Spiegel Ciobanu (Germany)
